

Glory to the Day of Heroism!*

Prisoners of War of the Shining Trench of Combat, Canto Grande

June 19, 1987

A year ago, on June 19th, Day of HEROISM, the prisoners of war from the Shining Trenches of Combat of El Frontón Lurigancho and Callao rebelled, raising the Fundamental Truth of Marxism-Leninism-Maoism, the guiding thought of Chairman Gonzalo, “Rebellion is Justified,” against the ongoing genocidal policy, in defense of the Revolution and their lives, demanding very just and rational demands.

The communists and fighters of the People’s Guerrilla Army and the children of the masses fought heroically, sealing a milestone of heroism, valor, and courage, expressing the new man armed with Marxism-Leninism-Maoism, the guiding ideology that only the Communist Party and People’s War are capable of generating. They engraved the everlasting Day of HEROISM, fructifying our Great Epic with their precious blood, rising as a monumental waving flag and an unending battle cry that summons us to the inevitable final triumph: COMMUNISM.

With this glorious action, our Communist Party, wisely led by Chairman Gonzalo, achieves a great political, military, and moral triumph, becoming the decisive action of the Great Plan to Conquer Bases, which has plunged the reactionary Aprista government and its leader Alan García into the worst crisis they could never have imagined, forcing them to define their dilemmatic situation and unfold their fascist corporatist policy, isolating them politically.

Our Communist Party has once again demonstrated that it is a Party of a New Militarized Type, Marxist-Leninist-Maoist, Guiding Thought, capable of resisting genocide and continuing the fight. The proof of this lies in the fact that the surviving heroes and new prisoners of war have raised the Red Flags with sickles and hammers high in the fascist prison of Canto Grande, turning it into a Shining Trench of Combat.

Today we reaffirm our unwavering commitment to follow the shining example of the Heroes of the People, developing the people's war in service of the World Revolution and fulfilling the course set by Chairman Gonzalo to achieve the status of political prisoners and, in perspective, prisoners of war. With historical optimism, we reaffirm our decision of HEROIC RESISTANCE in the face of the ongoing new genocide, which we will combat, resist, and defeat, thus serving our Communist Party, the people, and the people's war in the successful fulfillment of the new Great Plan to Develop Bases, guided today by the victorious policy of "BRILLIANTLY CULMINATING, ESTABLISHING A HISTORIC MILESTONE."

LONG LIVE CHAIRMAN GONZALO!
