

MORE AND MORE, WE GRASP CHAIRMAN GONZALO'S SPEECH AS A WEAPON OF COMBAT!

Peru People's Movement

September 2009

We are living through historic events, each of us knows this is to be the case. Let us not fool ourselves. In these moments we must ready all our forces to confront difficulties and to continue accomplishing our tasks and conquering our goals, successes and victory! This must be done.

We are here as the sons and daughters of the people and we are fighting in these trenches, this is also part of the combat, and we do this because we are Communists! Because we defend the interests of the people, the principles of the Party, and the People's War. That is what we have been doing, and will continue to do it!

We are here in these circumstances. Some think that this is a great defeat. They are dreaming! We tell them to keep on dreaming. It is simply a bend, nothing more! A bend in the the road. The road is long and we shall arrive to our destination. We shall triumph. You shall see it!

We must continue with the tasks laid down in the Third Plenum of the Central Committee. A glorious Plenum! These accords are already being carried out. We will continue to implement the Fourth Plan of Strategic Development of the People's War to Conquer Power, we will

continue to develop the Sixth Military Plan to Build the Conquest of Power. That will continue! That is our task. We will carry it out because of what we are and because of our responsibility we have with to the proletariat and the people.

We should continue the tasks established by the Third Plenum of the Central Committee. A glorious Plenum. You should know that these accords are already being implemented and that will continue. We shall continue applying the Fourth Plan of Strategic Development of the People's War to Conquer Power, we shall continue developing the Sixth Military Plan to Build the Conquest of Power, that will continue, that is our task. We shall carry it out because of what we are and because of the obligation we have with the proletariat and the people.

We clearly state that today, the democratic road has begun to unfold as a road to liberation, as a road of people's liberation. These are the circumstances in which we are developing. We should examine this with a sense of history. Let us stop closing our eyes...

Chairman Gonzalo, September 24, 1992

Seventeen years have passed since Chairman Gonzalo was able to speak to us live and direct. They have been years of complex and hard struggle of communists, combatants and masses to fulfill the voice of order of our Leader: to continue fulfilling the tasks of the Party, putting all our forces in tension, subjecting ourselves strictly to the principles of the Communist Party of Peru. We have done it and we will continue to do it because of what we are, because of the commitment we have assumed. We do it because that is full subjection to our Great Leadership, Chairman Gonzalo, the greatest living Marxist-Leninist-Maoist on the face of the earth, who is our guarantee of triumph until communism. We do it because that is to serve the unity of the Party and the advance of the people's war in its victorious march towards the conquest of power throughout the country. We do it because this is the only way to serve the people.

Everything pronounced by Chairman Gonzalo has been fulfilled, both with regard to the situation of the three instruments themselves, as well

as to the national and international political situation. It does not make him that there are those who pretend to deny that this is so, there have always been those who maintain the untenable, but what reality, revolutionary reality, clearly demonstrates is that we Marxist-Leninist-Maoists, Gonzalo Thought, principally Gonzalo Thought, the more we wield the discourse of our Chairman as a weapon of combat, the more we advance. Remember, what was already established by the Party in 1995, that if reaction has been able to cause any damage to our revolution it is because of revisionism. Those of us who cling to the principles of the Party and to the leadership of Chairman Gonzalo are those who are for advancing the Peruvian revolution as part of and at the service of the world proletarian revolution in strategic offensive since the '80s of the last century. Those who have wanted to lead the people along another path, those who have tried to make us let go of Chairman Gonzalo's hand and get lost in the neighboring swamp, are those who have tried to truncate the people's war. The problem was and is to be reaffirmed in the events and party documents, very special in our First Marxist Congress—Marxist-Leninist-Maoist, Gonzalo Thought, principally Gonzalo Thought Congress, which gave us the Basis of Party Unity with its three elements, the ideology Marxism-Leninism-Maoism, Gonzalo Thought, Program and General Political Line with its center the Military Line, principally Gonzalo Thought, the Program and the General Political Line with its center being the Military Line, the Third Plenum of the Central Committee, historic and transcendental, of which Chairman Gonzalo's masterful speech of September 24, 1992, which shines victorious and powerful as a weapon of combat, is its synthesis. Only on the basis of such a reaffirmation is it possible to struggle correctly to continue developing the people's war, only in this way is it possible to correctly apply the partisan agreements and directives to elaborate the plans it needs.

We Reject the Crude Hoax

We condemn once again the crude hoaxes of reaction. In the face of this new edition of the hoax of the “peace agreement” we reaffirm once again what was established by the Central Committee in 1993:

**In order to carry out this counter-revolutionary plan,
and in its desperation and impotence before the advance**

of the People's War, and as part of its psychological war within the "low intensity conflict," it has mounted a sinister allegation. This vile falsehood has two purposes: 1) first, it seeks to defame Chairman Gonzalo prior to its premeditated, treacherous plan to annihilate him, and 2) second, it is nothing than proclaiming its dark dream of the "Sendero's capitulation." It is one of the many lies against the CPP that the forces of reaction periodically spread since the beginning of the People's War. Today, it is done by the genocidal traitor, a puppet hooked on the bayonets of the armed forces, Fujimori. He is being advised by the traitor Montesinos and the murder Luza under the guidance of Yankee imperialism, principally the sinister CIA. It is a ridiculous lie that no one with two ounces of sense can take seriously and which, like its predecessors shall be unmasked by the People's War. The wave of strikes and massive demonstrations stirs the class struggle and shows that the revolutionary situation continues to grow and shall unfold as a revolutionary crisis.¹

All that has been propagandized by reaction since then are simply variants of the same thing. They have nothing new and the people's war has blown into a thousand pieces all their black spawn. We know that they have gathered Martha Huatay, Cox, Morote in "Piedras Gordas." We know that they took out the rat Miriam with the story of a health problem. That is, reaction has once again facilitated and continues to facilitate the coordination of the rats of the revisionist and capitulationist right opportunist line (ROL). As was denounced years ago by the leadership of the Party, the ROL only sounds and thunders when reaction needs it. This nonsense that the rats have presented, saying that it is from Chairman Gonzalo, is nothing new, it comes out because the people's war is stirring up the country in its deepest foundations; it comes out as part of the psychological war of reaction. If not, let it be simply clarified how the Navy turned a blind eye as if they were fallen from the tree? They are trying to surprise the unwary and nothing more than that. In this situation we repeat again our rejection and condemnation to this miserable subject who was Julio, who since 1992 did not

report to his level, who since 2000 coordinates with the Armed Forces and who today is the head of the ROL outside the prisons. This wretch, who has handed over many valuable leaders and cadres, who were going to meet with him and who today continues to hand over to the same security platoons. This wretch met secretly with the rat Morote, everything, as always, is with the ROL, orchestrated by the Armed Forces and the CIA. He is a traitorous rat whom we condemn, we crush, as well as, his black crimes against the Party and the best sons of the people.

Long live the New Anniversary of Chairman Gonzalo's Speech!

We salute the great example of the communists, fighters and masses who defend the New Power against the savage genocidal attacks of the reactionary Armed Forces and their Yankee bosses. The People's Liberation Army brilliantly demonstrates that it is such, that it has made the leap demanded by Chairman Gonzalo, its bellicosity is ever higher and the whole hoax of the "defeat of SP" has gone up in ashes. The advance of the Party's mass work is being felt throughout the length and breadth of the country, expressed in the fact that the masses are increasingly joining the people's war. The mass work of the Party is done through the PLA, it is mass work in and for the people's war. The cries to heaven of reaction about the "Shining Path infiltration" in the intuitions, unions, mass organizations etc., constitute a recognition on the part of the enemy that the leadership of the Party is fulfilling the Party's plans justly and correctly, in the same way, as the raising of the combativity of the masses and of their forms of struggle and actions is a clear demonstration of the struggles of the CPP.

We would also like to take this opportunity to recall the call of the Central Committee of the CPP - to all the parties and organizations of the International Communist Movement in general and most particularly to the members of the Revolutionary Internationalist Movement - to push forward the debate on the application of Marxism-Leninism-Maoism, principally Maoism, in the world. There are parties such as the RCP-USA and the former CPN(M) of Nepal, who have declared that, according to their criteria, Maoism is no longer sufficient and that, instead of applying it, it is necessary to elaborate "new" ideology. Other parties have come out in defense of Maoism

but without making a clear distinction. We do not want to speak of the fantasies of some “wise old men” but of the concrete reality, we cannot move forward without taking stock. We reaffirm that Marxism-Leninism-Maoism, principally Maoism, is the Marxism of today and the guarantee of triumph of the world proletarian revolution. It is also a material fact that Maoism is being incarnated in the peoples of the world and is generating militarized Marxist-Leninist-Maoist communist parties. Then, we insist against those who proclaim that Maoism is “obsolete” and “surpassed,” that they try to base their position not resorting to their own delirious fantasies, but on the basis of the real experience of the matter, which implies taking a position on how our ideology has been applied in the world to make the revolution, which means to advance the people’s war. We have previously denounced the ongoing liquidation of RIM, and now we do it again; those responsible for this situation are those who have systematically opposed the development of the two-line struggle in RIM, they are the ones who now want to give birth to the spawn of “unity of the communists” which are not based on principles but on crude pragmatism or on a unique sectarianism (dependent on the caudillo who proposes it). The CPP is for the unity of the communists in the world on the basis of Marxism-Leninism-Maoism, the implacable struggle against revisionism and in the service of the world proletarian revolution concretized in people’s war.

To conclude, we reaffirm once again our salute and our full, complete, conscious and unconditional support to our Chief, Chairman Gonzalo, who today continues to fight in the highest trench of combat. We reaffirm our commitment to defend his leadership against any attack, wherever it may come from, and to continue defending his life with people’s war. We reaffirm our demand that he be presented live and direct before the national and international televised press, so that he can make a statement. We assume the commitment to increasingly wield Chairman Gonzalo’s speech, which shines victorious and powerful before the world, as the weapon of combat that it is.
