

WE DEMAND THE PUBLIC PRESENTATION OF CHAIRMAN GONZALO, LIVE AND DIRECT!

Peru People's Movement

August 2008

The Peru People's Movement, generated organisation of the Communist Party of Peru for the work abroad, reaffirms itself in its total and complete confidence in our Great Leadership, Chairman Gonzalo—center of Party unity and guarantee of triumph until communism—as well as in our Party, in its whole system of leadership and in the comrade that leads the whole Party. Likewise, it reaffirms itself in its total confidence in the masses, in the peoples of the world, who clamour for proletarian leadership in the revolution.

We reject and condemn the sinister ongoing plan of imperialism, principally yankee, to spread capitulation all over the world in its desperate and impossible attempt to annihilate the world revolution, using, for that purpose, their miserable revisionist and opportunist lackeys. They apply their politics of “peace accords,” and present a domesticated so-called “Maoism”—a “Maoism” without people's war, without new power, without the dictatorship of the proletariat. This is the role that new revisionism plays in Nepal and in the world, and the miserable rats of the revisionist capitulationist ROL in Peru. This is the plan, of imperialism and reaction, which these revisionist traitors, accomplices in genocide, serve.

Concerning the videos that the Peruvian reaction has published as part of its old rotten hoax of “peace accords,” we close ranks around, and reaffirm ourselves in the position of the Party: **these videos are a hoax, staged by the reaction; the revisionist and capitulationist ROL was structured by yankee imperialism and the Peruvian reaction; the script and the monstrosities were elaborated by them; the genocides in**

the Shining Trenches of Combat (STC), committed by the reactionary Armed Forces, were carried out in direct coordination with the black heads of the revisionist and capitulationist ROL. With these montages they dreamed of achieving a great success, but in reality they have not achieved anything. They dreamed that with these desperate attempts they would cause the Party great harm, but this was nothing but the dream of genocidal hyenas—because we have a proven leadership forged in the image and likeness of Chairman Gonzalo, our Great Leadership solidly based on his all-powerful thought—we have a Marxist-Leninist-Maoist, Gonzalo Thought, principally Gonzalo Thought, militarized Party that maintains the course of the people’s war, implacable in its proletarian class position. **When the rats of the ROL tried to enter the committees they were beheaded by annihilation—the confrontation could not have been in any other way; absolutely no handing over the committees, the Support Bases, the weapons etc. Thus, in the worst circumstances, we have not in any way given way like has been done in Nepal,** and therefore fulfills the highest responsibility of being the shock force of the proletarian world revolution, and acts as the red faction within the international communist movement. **We have nothing to fear,** the difficulties do not frighten us—we are firm in the principles and prepared for everything. The Party reaffirms itself in the established course, in demanding the public, live and direct presentation of Chairman Gonzalo, before national and international television, and that he may make a pronouncement; in combatting every video edited by Montesinos and the CIA—as well as all the conspirations they have plotted with the revisionist and capitulationist ROL. Basically, what this is about is using “Gonzalo against Gonzalo”; like they used Mao against Mao in China against comrade Jiang Qing—the old revisionist practice of “combatting red banners with red banners,” just like the sinister Deng.

They are videos made by the CIA, outlined, put forward and exploited by the reaction. And some people lent themselves to this: miserable rats like Miriam, Morote, and others that will pay with interest for their crimes against the people. But: Attention! The reaction has not shown a single one of all those in the STC’s who refused to take part in their sinister plan – they do not permit that these red combattants are interviewed or anything of the kind. It is a simple logic of the class struggle: in the bloody struggle between armed revolution and counterrevolution, not one of the opponents will give tribune to his mortal enemy. This is why they do not permit the

public presentation of Chairman Gonzalo.

The Peru People's Movement reaffirms itself in the position of our Party: **that the question is clear: crush the whole CIA plan and maintain a high unity in order to fulfill the tasks.** The last video they presented shows that they could not divide the Party, that their so-called "National Leadership Committee" is not able to articulate itself, nor is their "Permanent Historical Committee," since they are sinking more and more in their own revisionist miasma.

In this way we unmask once more before the world this hoax, already crushed by the Party and the people's war.
